MAIN BEACH

Main Beach saw it's first visitors in 1875. The half day trip on horse and carriage from Brisbane involved ferry crossings of the Coomera and Nerang Rivers and finally a long boat ride from the Broadwater to get to the surf.

SINCE 1924

The Surf Life Savers of the Southport SLSC have volunteered to protect locals and our many hundreds of thousands of annual visitors from the dangers of the ocean. Our Life Savers also compete in the National Surf Life Saving club titles with a history of great success in the championships.

By enjoying the facilities of our Club you are assisting us on our journey to continue to save lives on our beautiful beach and improve our facilities.

Thank you for your support and remember always swim between the flags.
